

# CAPABILITIES STATEMENT

Our Vision: To be best-in-class in technically challenging areas, promote innovation and help our clients accomplish mission goals, manage risk, protect information and achieve organizational objectives.

## SYSTEMS

Corporate Information

Legal Name: Advent SVCS LLC  
Locations: Panama City, FL | Fajardo, PR  
Web: <http://www.adventsvcsllc.com>

DUNS: 078746235 | CAGE: 6WDE4

NAICS: 541330 (Primary)- 511210  
518210-541511-541512-541513  
541519- 541690- 541715- 541990  
561110- 561410- 611420

Our Values: Fearless Execution,  
Proven Reliability, Agile Flexibility

Certs: RHCSA, Linux+, A+, MCSA,  
MCSE, CISSP, Security+, CCNA,  
CCNP, Network+, Serum

## Contact Information

## CYBERSECURITY

Systems Engineering Services

- Full Life Cycle System Development
- Systems Integration
- Software Engineering
- Independent Verification and Validation
- COTS Technology Integration
- In-Service I Field Engineering Support
- Agile Software Development
- Open Systems Architecture
- Configuration Management
- Military Communications Engineering

IT Communications Support

- Network Engineering & Administration
- IT I Comms Systems Administration
- Help Desk and Technical Support
- Infrastructure Support
- Project Management
- Data & Asset Management
- Comms Equipment Maintenance & Repair
- Training
- Facility Operations and Maintenance

## TECHNOLOGY

Cybersecurity

- Engineering for Platform / Deployable / Weapon Systems
- Definition and implementation of applicable information security requirements
- Pre-deployment assessments/scans and remediation
- Evaluation of system changes to address vulnerabilities for operational impact
- Application of appropriate fixes/patches and implementation of mitigations
- Full systems' security lifecycle support
- Risk Management Framework Support
- Security Controls Implementation & Assessments
- System Security Plan Development
- Continuous Monitoring Plan Development
- Security Assessments (LSA, OSA) Support
- Body of Evidence (BOE) Management
- POA&M Development
- Trusted Agent Services
- Information Systems Security Engineer (ISSE) and
- Information Systems Security Officer (ISSO) Services
- WIN Secure Host Baseline Deployment
- UNIX-based Systems Hardening

## Differentiators

### Proven Performance in Technically-challenging Mission Areas

Our experience supporting systems that operate in harsh environments and complex mission profiles like undersea operations, Reconnaissance and military communications.

### Professionally Managed

Lean Comorate Management style & combined 15+ years business experience in the federal market provides clients reduced risk, agile responsiveness and an effective customer interface.

### Highly-trained & Experienced Workforce

Personnel with diverse backgrounds, training and certifications from organizations like NSA, DoD, Oracle, Red Hat Inc., Cisco, Microsoft and CompTIA.

### Financial Stability

DCAA-compliant accounting system ensures compliance with the Federal Acquisition Regulations (FAR). Completely debt free company with already-established relationships with funding sources making us flexible enough to rapidly surge according to requirements.

### Commercial SMB Clients (FL, AL, PR)

Managed Security Services Provider (MSSP) Task: IT, Cybersecurity & Regulatory (HIPAA, NIST) Compliance Services including 24/7/365 Network Performance, Security Monitoring & Help Desk Support.

### Security Vetted

Facility Security Clearance and DFARS 252.204-7012 /NIST SP 800-171 Cybersecurity requirements compliant.

## Past Performance

### Department of Veterans Affairs

Memphis VA Medical Center  
Contract#: V A249-15-P-0415 (Prime)  
Contract#: VA249-15-P-3058 (Prime)  
Task: 24/7/365 wireless network hardware and connectivity monitoring, user technical support, maintenance and repair.

POC: Reinaldo Roman, reinaldo.roman@va.gov  
Memphis VA Medical Center

Contract#: VA249-14-P-3868 (Prime)  
Task: Installation, configuration and deployment of equipment for expansion of wireless network.

POC: Reinaldo Roman, reinaldo.roman@va.gov  
Memphis VA Medical Center  
Contract#: VA249-15-C-0037 (Prime)  
Task: Labor, supplies, tools, equipment, materials, supervision and quality control for the installation, termination and testing of fiber optic cables.  
POC: RobertS. Brooks, robert.brooksjr@va.gov

### US Army

United States Army Engineer School  
Contract#: W911S7-13-T-0112 (Prime)  
Task: Digitization & transcription of historical documents and audio interviews.

### Department of Agriculture- Forest Service

Contract#: AG-F430-C-17-0027 (Prime)  
Task: Forest Plan Revision Administrative Support  
POC: Raymond Feliciano, rfeliciano02@fs.fed.us  
Contract#: 12F31B18C0003 (Prime)  
Task: Digitization and Preservation of Records  
POC: Mary Blanchard, mjblanchard@fs.fed.us

### Commercial SMB Clients (FL, AL, PR)

Managed Security Services Provider (MSSP)  
Task: IT, Cybersecurity & Regulatory (HIPAA, NIST) Compliance Services including 24/7/365 Network Performance, Security Monitoring & Help Desk Support.

### US Navy

Naval Sea Systems Command  
Subcontract#: TCGICA040 12 (SUB under Columbia Group Prime Contract NOO 178-04-D-4028, Seaport-e IDIQ)  
Task: Software Engineering and Information Assurance support to Naval Surface Warfare Center Panama City Division Code X24 Project SEA VIEW.  
POC: Pamela Stampnick, pamelastampnick@navy.mil  
Naval Sea Systems Command  
Subcontract# PO 10215083 (SUB under SAIC Prime Contract NOO 178-04-D-4119, Seaport-e IDIQ)  
Task: Software Engineering, System Administration, Configuration Management and Information Assurance services for Naval Surface Warfare Center Panama City Division Mission Deployed Systems Program.  
POC: Steve Castelin, stephen.f.castelin@saic.com  
Naval Sea Systems Command  
Subcontract# P010235695 (SUB under SAIC Prime Contract N61331-18-F30 13, Seaport-e IDIQ)  
Task: Cybersecurity, Software Engineering & IT Support services for Naval Surface Warfare Center Panama City Division Mission Deployed Systems Program.  
POC: Mike Rowe, michael.j.rowe@saic.com
